MEDICAL.

DR. ROGERS' LIVER WORTH AND TAR FOR THE COMPLETE CURE OF CONSUMPTION.

CONSUMPTION.

THE GREAT COUGH RENEBY!

DEADER! have you a Cough, which you are neglecting, under the idea that it is only a common cold, that it will soon "wear itself out?" Let a friend left you, in all kindness, what will soon be the probable result. In a thort time, it you continue to neplect yourself, you will begin to feel a sense of tightness and oppression across the chest, accompanied with frequent sharp darling pains. Then a dry, backing Cough will set in, and when you raise anything it will be a thick and yellowish, or white frothy matter, streaked, perhaps, with blood. If you still take no medicine, these impleasant symptons will increase, and you will soon have Heetic Fever, Cold Chilis, Night Sweats, Conjous Expectoration, and then threat Prostration. If you still neglect yourself, a few weeks or a multis will see you consigned to the grave, leaving your friends to mourn how rapidly CONSUM TION did its work, and burried you away.—Friend! have you no cause to be alarmed? In the above est to the grave, leaving your friends to mourn how rapidly CONSUMPTION did its work, and horried you away.—
Friend! have you no cause to be alarmed? In the above sketch you may see as in a glass, how every case of Consumption progresses, with more or less rapidity, to a fatal termination. Of all the Thousands and Millions whom this great Destroyer has gathered to the tomb, every single case began with a Cold! If this had been attended to, all might have been well but, being neglected, under the fatal delusion that it would "wear itsest," it transferred its deadly action to the solistance of the tangs, exciting there the formation of tubercles. Another, and another cold added fuel to the flame, until these tubercles began to soften and suppurate caving, by their ulceration, great cavines in the Lungs. At his crisis, the disease is very difficult of cure, and oftentimes sets at defiance all human means.

In the latter or worst stage, this medicine will oftentimes arrest the disease, or check its progress, and will always make the patient more comforta ie, and prolong his life, and is therefore worthy of a trial;—but in its incipient or forming periods, Consumption is as curable as any other disease, and "Dr. Roggers Syrup of Liverworth, Tar, and Canchallagua," if taken at this time, will cure it 2.3" AS SURELY AS IT IS TAKEN! 5.2 This is strong language, but we can refer you to numberless living witnesses to prove that it is TRUEL And therefore, we earnessly exhort every man, woman and child, who has a Congh, or is subject to Colds, to keep medicine by you in the house, and whenever you take Cold, do not "let it alone" to work mischief in your system, but eradicate it thoroughly, at once, by this power, fully healing cumpound and leave your Lungs uninjured, to carry you in full viger to a good old age!

Have you delicala, weakly children, who are always taking cold, and subject to Croup? Remember There never was

Have you delicate, weakly children, who are always taking cold, and subject to Croup? Remember! There never was case of Croup, which did not originate in a Cold! And when your child goes to bed wheeting and coughing, you know not that, before morning, Croup may not set in, and ere you can get a Physician, your dear child may be beyond the teach of bels. We beseech you therefore, as you value the lives of your children, keep this medicine by you in the house, and when your little ones take cold and commence coughing, give it to them at once, and rest not until the osugh is entirely subdued. We conscientiously aver, after the most extended experience, that if this advice were followed so child need over

no child need ever

DIE OF CROUP,
for the cold would be carred, before it could arrive at this aggravated and fatal stage. Let every Mother, especially, heed well these remarks, that she may not hereafter, when mourning over the early blight of some charished blossom, have occasion bitterly to represent herself for her criminal neglect. It is an old allage, that "to be forwarned, is to be forearmed."

Parents! so let it be in your case.

Be sure to ask for Dr. A. Rogers' Syrop of LIVERWORT, TAR and CANCHALAGUA, and let no other be palmed on you.
